Mr. Leo Snow, et al
P.O. Box 51
Jensen, UT 84035

Dear Mr. Snow:

On 07/25/90 you were requested by certified mail (P 125 310 678) to submit, in writing, a reclamation plan detailing how Sno-Ben #4 and #5 disturbance will be reclaimed, to be submitted within thirty (30) days. The deadline for receiving this plan is now substantially overdue (by 08/25/90). Please see that this plan is submitted immediately so I can decide on its adequacy and, thus, you can get the required reclamation on Sno-Ben #4 and #5 done this fall before 11/30/90.

In my certified mail (P 777 179 461) Decision Letter of 01/10/90, you were requested to finish your reclamation on Sno-Ben #1 by reseeding the location within thirty (30) days (by 02/11/90). You did not appeal this decision, have not done the reseeding, and have established a Record of Noncompliance. You may now be enjoined by an appropriate court and are liable for damages. However, if you complete the reseeding on Sno-Ben No. 1 by 11/30/90 and complete the reclamation on Sno-Ben #4 and #5 in a satisfactory manner, I will be able to rescind your Records of Noncompliance.

Sincerely,

David E. Little
District Manager
